## Main Skills

Gitlab

Open source software

Digital cartography

## Certifications

NestJS Course: Modular Programming

Front End Libraries

Professional Vue.js Course

Backend and Frontend Integration Course

Authentication Course with Passport.js

# Manuel Blanco

Senior Front End Developer | React | Typescript |  
Python | MongoDB

Medellín, Antioquia, Colombia

## Extract

I'm a seasoned Front End Developer with over 5 years of experience in the dynamic world of web development. My passion lies in creating user-friendly and visually impressive interfaces, with a specialization in React, the powerful JavaScript library. Proficient in TypeScript, I've embraced micro-frontend patterns and advanced Webpack configurations to craft modular, scalable, and maintainable apps, all within Docker.

In addition to my technical expertise, I've had the opportunity to work on custom implementations with Zoho, bringing tailored solutions to businesses. I've also delved into AI-driven chatbots, creating conversational experiences with ChatGPT, and enhancing user engagement and support.

My career spans maps, complex CRUD (Create, Read, Update, Delete) operations with Redux, and contributions to Open-Source Projects. I'm also a CSS specialist, using libraries like TailwindCSS, Bulma, and Bootstrap for a stunning design. As a Front-End Consultant, I've enhanced UX/UI for companies. Let's continue pushing web development boundaries!

What I do:

- Front End Development
- Data Visualization
- Web performance
- Backend Development (Node.js)

## Tools and technologies:

- JAMStack with Nuxt/Next
- HTML / CSS /JavaScript
- Typescript
- Sass / SCSS
- VueJS
- ReactJS
- Redux/Vuex/Toolkit/Pinia
- React Hooks
- MapboxGL
- NodeJS
- MongoDB
- Docker
- D3.js/ChartJS
- TDD with Cypress/Jest

---

## Experiencia

### EdgeUno

Frontend Developer

septiembre de 2022 - Noviembre de 2024 (2 años, 3 meses)

Medellín, Antioquia, Colombia

### Infrapedia

Front-end Developer

octubre de 2019 - agosto de 2022 (2 años 11 meses)

Remote, United States

### AgroLevels S.A.S.

Desarrollador de front-end

octubre de 2018 - septiembre de 2020 (2 años)

Medellin, Colombia

---

## Educación

### freeCodeCamp

Front End Developer, Computer Software Engineering · (2017 - 2020)
